

# Let's get to work!

We must make plans NOW for equality activism across North Louisiana - there are many issues to address & much work to be done! Share your thoughts, plans, suggestions, and dreams below. A complete list of ideas and action items will be emailed to everybody who attended the Women's March. Don't forget to write your name & email address on the back of this worksheet to be included in the group email, and "Like" the NOW Shreveport-Bossier Facebook page for updates and actions in our region!
